**HELP NEEDED**

**HELP NEEDED**

**The Father to fatherless Generation program is designed to give back, reach out, and guide our children before the system takes them, only to institutionalize them.**

**This program is not designed for second chances.**

**This program is designed so that they won't need one.**

**Father to a fatherless generation is a local nonprofit program that serves all of Camden County. We focus on children ages 3 to 16 who may fill a void by not having an active father in their life. We offer mentoring, after-school recreation, educational field trips, fun activities, and so much more.**

**This is where we need your help**

**We are currently searching for support within our community that can assist us with our program.**

**The program stands on the impact of a 7 key principle that we will instill into the lives of our children. We are asking for a donation of \$10/weekly or \$40/monthly. Your donation will help to provide our children with a place to have after school activities, keeping them out of trouble, and raising and preparing them for the world.**

## OUR WHY

**As a fatherless child, this journey called life has been rough, rocky, and often upsetting.**

**When facing discouragement, there was never an ear to listen or a hand to reach out to.**

**When trouble approaches, the fatherless child is 10 times, more than likely, the one to fall to the adversary.**

**The father to fatherless generation program is designed to give back, reach out, and guide our children before the system takes them, only to institutionalize them.**

**This program is not designed for second chances. This program is designed so that they won't need one.**

### **-THE OUTCOME GOALS OF THE PROGRAM-**

 *Helping young men understand finances and credit building.*

 *Developing leadership qualities and better work ethic.*

 *Improve social skills and develop a better overall attitude to society.*

 *Allow the "Each One, Teach One" method to become successful in every young man in the program.*

 *Finally, the last outcome goal is, to become better sons, brothers, fathers, and husbands.*
