Supporting Community Living of Individuals with Developmental Disabilities

Our Mission

We will provide an integrated approach of using both systems of developmental disabilities and mental health. Our mission is to support and maintain the community placements of this dually diagnosed population.

Who is Eligible

Individuals age 21 and older with a developmental disability in psychiatric and/or behavioral distress.

How to Receive C.A.R.E.S Services

Please call **1-888-393-3007**.

Our Services

Together with Rutgers University Behavioral Health Care, we provide a range of hands on training and technical support to consumers, families, provider agencies and care givers. Our services are mobile and we will engage the individual on-site in their own environment.
