

Sports

SUP offers year round sports for children to participate in.

- ❖ Soccer
- ❖ Fall Ball
- ❖ Football
- ❖ Track
- ❖ Cheerleading
- ❖ Street Hockey
- ❖ Basketball

This program is run entirely by volunteers. We always need players, buddies and coaches.

Buddies must at least be in 6th grade and must attend a class before volunteering. No experience is needed, just a positive attitude and a willingness to help others!

Our Mission

The Sports Unity Program's Mission is to offer athletes of all abilities the opportunity to play team sports. We believe every child should learn how to become a teammate regardless of their skill level.

Thanks to the generosity of our sponsors and community, the program is free to all participants including registration, equipment and uniform fees. We even supply bottled water on game day!

Marlton Rec Council Sports Unity Program

We provide children of all abilities the opportunity to play team sports.

Use a group shot of many athletes, we are very different than typical soccer program

Opportunities

SUP provides many opportunities for children to socialize while learning sports.

~~~~~

For many of our athletes, this is their first opportunity to play in an organized sports program. In addition to exposing the players to an experienced coaching staff, the SUP incorporates teens and young adults who work each week with the athletes as hands-on buddies. With over 500 athletes registered in multiple sports and registration rapidly growing, there is always a constant need for buddies and community support.

## Who We Are!

The Sports Unity Program is part of the Marlton Rec Council and is designed for special needs children in Evesham Township and the surrounding areas.

SUP invites children, ages 5-21, regardless of skill or ability, to learn game specific skills and play team sports.

The program focuses on inclusion, building the self-esteem and providing a fun and safe atmosphere for all.
